Served from 11.00-15.00

Daily from fresh ingredients by the chef's choice. Most meals, including soups, are not thickened with flour, but with a healthier form - vegetables. All our fires are fresh, cut by hand from raw potatoes, as we never use frozen fries. We also serve pasta in a gluten-free variant. Our salad dressings are made using our recipes, without any additives. Cevapcici are made of pure beef meat, according to our recipe, always fresh.
